Launching Our High School Pathways in 2027!

We are very excited to announce that Lion Pride Academy will begin our first high school intake for the FET (Grades 10–12) phase in 2027. In this phase, students will be able to choose from three pathways: our IEB NSC (academic) stream, NCV (National Certificate Vocational), and QCTO-aligned vocational/occupational qualifications. The NCV pathway offers a practical and industry-relevant education, combining theoretical subject knowledge with technical skills, while the QCTO option is designed for hands-on, job-ready training in specific occupations through real-world partnerships. These programmes underscore our commitment to preparing learners not only for university, but also for the world of work. (For more information on these pathways, please visit our Academics page.)

In addition to our standard school fees, there are a few supplementary items such as stationery, workbooks and selected learning resources that form part of your child's annual requirements.
