

2027 Fee Information Letter

Dear Current and Prospective Parents and Guardians

Thank you for being part of the Lion Pride Academy community, or for considering Lion Pride Academy as the educational home for your child in 2027.

Whether you are an existing family continuing your journey with us or a prospective family exploring what our school has to offer, we sincerely appreciate the trust and confidence you place in our vision for education.

At Lion Pride Academy, we are committed to providing an exceptional educational experience that is academically rigorous, future-focused, and grounded in strong values. Our mission is to develop confident, compassionate, and capable young people who are equipped to thrive in an ever-changing world.

We are delighted to announce that school fees have been frozen for the 2027 academic year, reflecting our commitment to making quality education as affordable and accessible as possible for our families. While we have absorbed increasing operational costs to keep tuition fees unchanged, aftercare will, from 2027, become a separately charged service. This adjustment will enable us to continue providing a safe, well-supervised, and enriching aftercare programme that maintains the high standards expected by our families.

We believe that school fees should represent genuine value. Rather than simply covering classroom tuition, our fee structure supports a comprehensive educational journey that includes innovative teaching, entrepreneurial learning opportunities, character development, technology integration, and a wide range of programmes designed to nurture every aspect of a learner's growth.

This document outlines our 2027 school fee structure, payment options, aftercare fees, and the extensive value-added benefits included in our fees. We hope it provides clarity and demonstrates our commitment to transparency, exceptional value, and educational excellence.

We value the partnership we share with our families and look forward to continuing to work together to inspire every learner to grow academically, socially, emotionally, and spiritually.

Should you require any further information regarding our fee structure or the enrolment process, please do not hesitate to contact us at info@lionprideacademy.co.za.

Thank you for your continued support and confidence in Lion Pride Academy. We look forward to partnering with your family in 2027.

Yours in education,

Dean Verwey
School Principal

Launching Our High School Pathways in 2027!

We are excited to announce that Lion Pride Academy will welcome its first Grade 10 learners in 2027, marking the beginning of our Further Education and Training (FET) phase. Our inaugural intake will offer the IEB National Senior Certificate (NSC) academic pathway, providing learners with a rigorous, future-focused education that prepares them for university studies and a wide range of professional careers.

In keeping with our vision of developing future leaders, innovators, and entrepreneurs, 2027 will also see the launch of our QCTO-aligned occupational programmes. These qualifications will provide learners with practical, industry-relevant skills through hands-on learning, workplace partnerships, and nationally recognised occupational qualifications. A key feature of our QCTO offering will be a strong emphasis on entrepreneurship, with programmes such as New Venture Creation empowering learners to develop business skills, establish and manage their own enterprises, and create employment opportunities for themselves and others.

National Certificate (Vocational) (NCV)

Looking ahead, the National Certificate (Vocational) (NCV) pathway is planned for introduction in 2028. The NCV programme will further expand our vocational offering by combining academic learning with technical and practical training across a range of industry sectors, giving learners an additional pathway to success.

Together, these pathways reflect Lion Pride Academy's commitment to providing multiple routes to achievement. Whether a learner's aspirations are university, entrepreneurship, skilled employment, or further vocational study, our programmes are designed to equip every learner with the knowledge, practical skills, character, and entrepreneurial mindset needed to thrive in a rapidly changing world. For more information about our academic and vocational pathways, please visit our [Academics](#) page.

Supplementary Fees

In addition to our standard school fees, there are a few supplementary items such as stationery, workbooks and selected learning resources that form part of your child's annual requirements. We aim to keep these costs as minimal and transparent as possible and will always communicate them well in advance.

After Care Fee

From January 2027, Lion Pride Academy will introduce an Aftercare Fee of R800 per learner per month for families making use of our aftercare programme. This contribution will support the continued provision of a safe, caring and enriching environment where learners receive supervised care and academic support after school. We remain committed to offering a high-quality aftercare service that provides parents with peace of mind and learners with a structured and nurturing space to thrive.

WHAT YOUR FEES INCLUDE – REAL VALUE WITH NO HIDDEN COSTS

- Free Learn to Swim Programme — Grade RRR to Grade 3
- Entrepreneurship Programme — Developing Tomorrow's Leaders
